"Family Practice"

When Dr. John J. Schinto III recently received his degree in dental science, he became the third generation of dentists in his family, joining his father and grandfather.

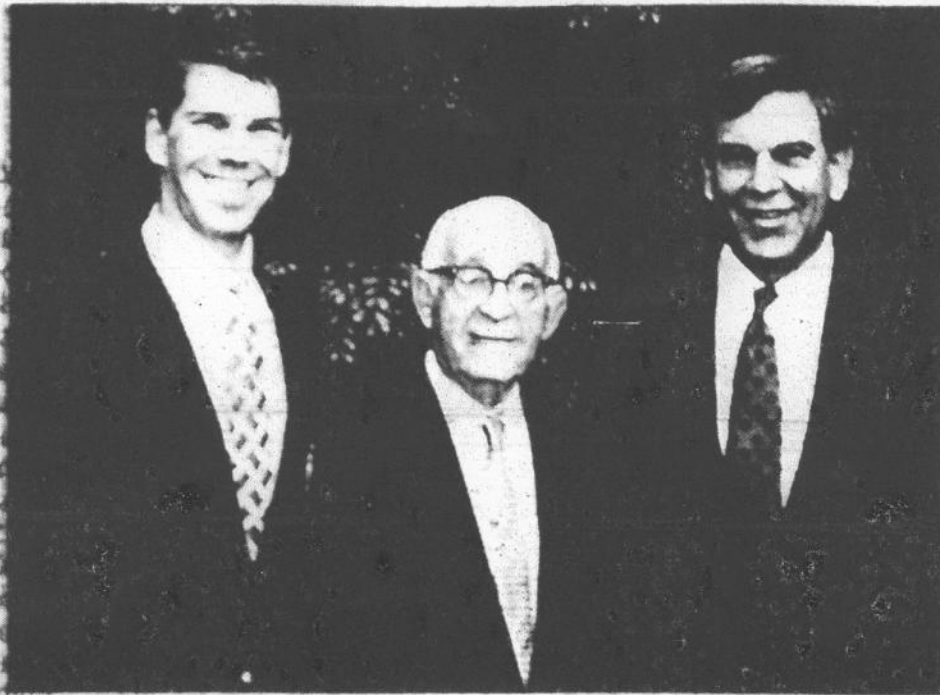

Schinto III graduated in May from the School of Dentistry at the Medical College of Virginia, where he will teach throughout the summer before joining the family practice in Riverside with his father Dr. John J. Schinto, Jr.

The practice goes back more than 60 years when Dr. John J. Schinto Sr. established it on East Putnam Avenue in 1930. In 1984 Dr. John J. Schinto Jr. moved the practice to its present location at 19 Riverside Ave.
